

FHS 2021 DRIVER EDUCATION

VISION REQUIREMENT

Student's Name _____ School Attending _____ Grade _____

Student Home Phone _____ Student Cell Phone _____

Parent/Guardian Name: _____ Emergency Phone _____

The visual acuity requirement by the State of Michigan for driver's education is 20/50. This screening will not meet any other vision requirements except for driver's education purposes. Vision screening will not be offered at FHS by the Genesee County Health Dept. (GCHD) due to state budget cuts. It will be your responsibility to obtain a vision screening from an authorized provider or GCHD. Your student will not be allowed to take driver's education without the vision screening. This is a State requirement.

This screening may be faxed to our office also at 810-591-3896.
