

All Flushing Community Schools' employees are eligible to participate in the District's 403(b) Tax Sheltered Annuity Plan. The plan allows employees to voluntarily defer a portion of his/her pay on a tax deferred basis into a retirement account that they have set up with a vendor on the district's 403(b) Approved Vendor List. Detailed information regarding plan participation is included in the Universal Notice of Availability link. If you are interested in participating in the program and have questions, please contact Kelly Stearns, Director of Finance or Jackie Read, Payroll Specialist.
